

SharePoint – Intermediate – 1 Day**Overview**

This course is designed for users who will be working alongside the Site Owners in managing Document Libraries, Lists and Pages as Content Authors

Prerequisites

This course assumes that you have gained a basic understanding of Windows and Office applications. This includes an ability to work with multiple windows and navigate the desktop, as well as having an understanding of computer file storage (i.e. drives, files and folders). Familiarity with 365 is beneficial but not essential.

You will need to have either attended or have the working knowledge of the content covered in our SharePoint User Fundamentals course.

Exercises

This course is instructor led, involving the utilisation of examples and exercises in a workshop environment.
